- The survey process
 - Survey methods and tools
- The results
 - Proficiency of Nurses in core competencies
 - Nursing professional development needs
- Convergence opportunities:
 - PHAC Core competencies
 - CHNSoP

Draft PHCC: National Consultation

- National Survey
- Consultation meetings
- Implementation pilots

Goals: Part 1

- 1. Assess appropriateness of PHACs 44 draft core competencies.*
- 2. Assess TPH staff's proficiency in the core competencies.*

- **Survey Team**
(Sherry Biscope, Maureen Cava, Katie Dilworth, Fred Goettler & Arlie Santos)
- **TPH senior staff**
- **IPLN**
- **TPH staff**
- **PHAC** (Claire Betker, Alycia Fridkin, Carla Troy)
- **Ontario Ministry of Health & Long-Term Care**
 - Public Health Information & Information Technology
 - Smart Systems for Health Agency
- **Pilot sites:**
 - Middlesex-London Health Unit
 - Simcoe Muskoka District Health Unit

- Exploratory survey of Toronto Public Health staff including:
 - Ethics review
 - Randomized selection of staff
 - Pilot testing
 - Mixed delivery mode (on line, electronic or MS word)
 - Survey support (Communications with participants)
 - Data cleansing and analysis

- Survey had 287 questions
 - 242 Competency related
 - 35 Demographic/PD related
 - 10 ID fields
- 213 closed ended & 74 open-ended
- 31% (n=187) of participants returned survey using paper or MS Word

- Response rate 61%
- Nurses represent 253 of 610 participants

Previous Knowledge about Core Competencies

Draft 44 Core competencies (divided into 7 domains)

1. Core Public Health Sciences
2. Assessment & Analysis
3. Policy Development & Program Planning
