

IPAC Canada Infection Prevention & Control Routine Practices E-Learning Program

The IPAC Canada Infection Prevention & Control Routine Practices E-Learning curriculum is designed to assist healthcare facilities train “**Front Line**” workers in standardized routine practices for the prevention and control of Infection.

Contact Sue Knox 705-728-1968 (x3368) to learn more about this bilingual program, new for 2014 or visit www.georgianct.com or www.ipac-canada.org/

Infection Prevention and Control Canada (IPAC Canada)/Prévention et contrôle des infections Canada (PCI Canada) **is pleased to announce that its education programs have been accredited by le Société de formation et d'éducation continue (SOFEDUC)**. This indicates that these training activities meet SOFEDUC quality standards and include an assessment of learning. A CEU represents 10 hours of participation in a structured training activity which is organised and led by an accredited organisation, presented by competent facilitators and subject to a learning assessment.

This self-paced, six module curricula includes case studies, simulations, narration, video and questions. You must take all six modules and achieve a minimum of 75% to receive a certificate of completion issued by Georgian College and IPAC Canada.

The Infection Prevention & Control Curriculum includes:

- Module 1: The Chain of Infection
- Module 2: Routine Practice
- Module 3: Hand Hygiene and Personal Protective Equipment
- Module 4: Environmental Controls
- Module 5: Source Control & Education
- Module 6: Routine Practices Applications

Front Line Workers should participate: Paramedics, Nurses, Physicians, Patient Care, Attendants, Physiotherapists, Occupational Therapists, Respiratory, Therapists, Phlebotomists, Diagnostic Imaging Technologists, Environmental, Services Staff, Home Care Personnel, Dietary Staff, Social Workers, Pastoral Services, Unit Clerks, Office Staff, Laundry Personnel and Pharmacy Staff.

The Benefits:
